# WELCOME

Dear Sponsors,

On behalf of Vietnam Health Clinic (VHC), we are asking for your support as a sponsor for our **2025 Charity Benefit Dinner** to raise funds for our mobile health clinic in Vietnam this upcoming summer.

Since 2008, VHC has been able to provide free healthcare to over **17,000 underserved patients** in rural Vietnam. What began with triage and medical consultations has grown, thanks to our sponsors, into comprehensive care including medical, dental, optometric, pharmaceutical, physical therapy, and public health education, VHC also leads the Cataract Surgery Initiative, providing free cataract surgeries to individuals in need. Your support at this year's charity benefit dinner will enable us to sustain and expand these vital programs.

Our benefit dinner is a key event, bringing together people who believe everyone deserves equal access to healthcare. This is a great opportunity for your business or organization to connect with the community and make a significant impact on the lives of local patients here and in Vietnam. On average, our dinner attracts more than **300 people** each year.

Enclosed in this package, you will find information about VHC, our history, and various sponsorship opportunities. We invite your organization to take part in assisting the underserved by pledging your support. Please feel free to contact us should you have any further inquiries about our organization.

Sincerely,

# ABOUT US

## What we do...

Vietnam Health Clinic (VHC) is a 501(c)(3) not-for-profit organization dedicated to improving health care access and services to underserved communities, while providing firsthand experience for students interested in healthcare.

One of VHC's signature programs is our mobile health clinic in Vietnam, where over a span of two weeks, we host a pop-up clinic in rural communities of Central Vietnam.

We will continue to deliver quality health care to these communities with our upcoming mobile health clinic in the summer of 2025. We are joined by healthcare professionals and student members who help as providers, assistants, and personal interpreters throughout the trip.

What's unique about our clinic is that we focus on providing student members with valuable clinical experience working alongside healthcare professionals. Since the creation of VHC, over 500 students have volunteered with us and more than 40% have gone on to successfully pursue careers in healthcare.

# CHARITY BENEFIT DINNER

With an average attendance of 300+ guests from many industries and organizations, our benefit dinner brings together people from all over the Greater Seattle area. Our night typically starts off with a light cocktail hour, where people can mingle and bid in our silent auction, then followed by dinner. The evening also features a live auction, guest speakers, raise the paddle, and cultural performances.

The success of our mobile health clinics depends on the generosity of our sponsors and donors. We would not be able to visit rural villages and help serve patients without your support. All monetary donations will go directly to VHC's operations and programming, including clinic operations such as purchasing the necessary medicine and medical supplies to carry out our mobile health clinic.

We appreciate and value the support that we get from our sponsors and in return, we work to provide as much recognition for our sponsors as possible.
